

Manual for ProCup APP

Visitors can through their SmartPhone easily find game schedules, online results and other visitor information and the best part is that you can design a lot of it yourself.

ProCup App is an HTML-based app that works 100% on phones with Android and iOS (iPhone).

Easy to activate - easy to use

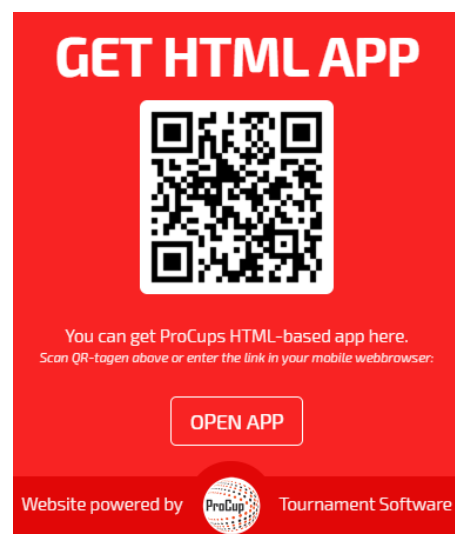

Log in to ProCup and on to the planning phase

Choose menu 14, Settings for ProCup app

For the visitors on your cup page, this will be automatically displayed on the homepage, for example:

In addition, you can print a pre-designed PDF document with this information that is suitably hung on strategic places around sports ground. The function is completely free to use!

Set colours that suits you and upload a cup logo. Keep in mind that the space is extremely limited in cell phones so the cup logo must be small and relatively narrow. (800x150 pixels) Do not forget to click in the box to enable the feature on the cup page (make the app public).

Administration of ProCup App

With ProCup App you can increase the quality of your tournament. With the help of your mobile phone or tablet, can visitors follow results, see news, visit sponsors etc. When the draw is published, you should check/select "app to be published on the website"

Upload sponsor logos

You are able to upload 5 own sponsor logos to the app. 2 is preset but can be changed.

Sponsor Logo and link. 

Link to sponsors website (1):
The banner is shown with...
Sponsor logo (max 600 x 70 pixels):   

Link to sponsors website (2):
The banner is shown with...
Sponsor logo (max 600 x 70 pixels):   

Please note that the size of the sponsor logo is limited and should not be too big to fit a smart phone.

If you provide a link to the sponsor's website, the sponsor's logo will be clickable. The link MUST start with http: // ex http://www.procup.se

If you have a main sponsor, you can choose 'High frequency'. Then this Sponsor will appear more often than the other sponsors.
